

Getting Ready for algebra Online

Getting Ready for Algebra Online is a new professional development program designed to support teachers of mathematics in Grades 4 through Intervention Algebra. The program includes explanations of key mathematics concepts leading up to Algebra, video examples of actual classroom instruction, lessons and strategies for English learners and students with special needs, correlations to California adopted mathematics textbooks and state standards, and additional lessons to close the achievement gap. All materials focus on key concepts and strategies of mathematics including those found in the CAHSEE.

Price: **\$99.00**
